**Subject:** LSC Student Update Mar 24

March 24, 2020

Dear LSC Students:

We are moving quickly toward the start of the rest of spring semester, beginning next Monday March 30th...unless of course we hear otherwise from the Governor. It has been quite an interesting couple of weeks, and quite busy for everyone, even if the parking lot looked like this most of the time you've been away:

Your faculty have worked hard along with LSC's fantastic support staff, IT folks, web team, and others to move to alternative methods for classes and services to ensure that you will be able to finish your spring semester. They really care! All of us care about you at LSC! We hear your concerns and worries. And we are doing our very best to get you through spring semester in fine shape.

The campus wi-fi is on, there are spaces for you to spread out and we will have computers set up with the appropriate distances in case you do not have a computer or need a device.

We will have limited services and building hours (630am-6pm), but know that we are open and can help you. Student Services, such as advising and financial aid, remain open with limited staff/limited hours. We recommend calling or emailing ahead and setting up an appointment when possible. You can now schedule virtual meetings completely online:

- [Advising](#)
- [Counseling](#)
- [Financial Aid](#)
- [Technology Help Desk](#)

Virtual meetings with an admissions representative are also available. Please [schedule a virtual meeting](#) and/or contact Admissions at [enroll@lsc.edu](mailto:enroll@lsc.edu) if you have any questions about applying to LSC, scheduling a tour, or the admissions process.

For the most current updates, please check <https://www.lsc.edu/coronavirus>. This will give you updates on building hours, library, food service, and more.

Now I know many of you are quite sad about the changes to your classes and even your schedules. I know you will miss hanging out with friends and taking part in activities long planned for spring. I know that for some of you, commencement was a major lifetime event, the capstone of your career at LSC and the celebration of your hard work. We know you are disappointed. We hear you, and we know this is a big change. And we will find a way to honor you. Stay tuned to our website for updates.

Until then, be healthy. Be in touch with your instructors and advisors, and let's get ready for Monday.

Patricia L. Rogers, Ph.D.  
President  
Lake Superior College

**Your destination for SUCCESS!**
