**Program Description**

The Personal Training Certificate is a one-year program designed to prepare students for a career in the fitness industry. Graduates of the Personal Training Certificate program are trained to assess, design, and implement individual and group exercise fitness programs for individuals who are apparently healthy and those with controlled disease. They are skilled in evaluating health behaviors and risk factors, conducting fitness assessments, writing appropriate exercise prescriptions, and motivating individuals to modify negative health habits and maintain positive lifestyle behaviors for health promotion. Upon successful completion of this certificate, the student should be well prepared to sit for the National Council on Strength & Fitness certification exam.
